YOUR LAND AND FARM EXPERTS!

Pettis Co-167 Acres

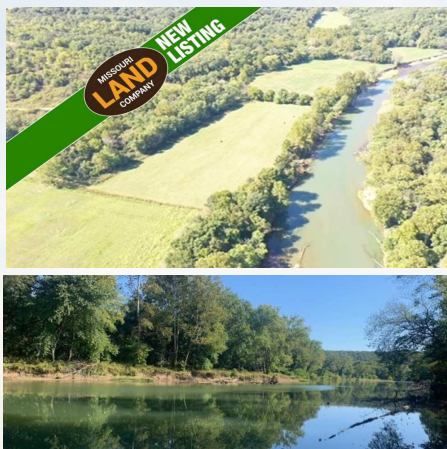

\$1,085,000

Premier Row Crop and Improved Pasture Farm Located in Southern Pettis County Missouri Is Up For Sale! This Farm is very diversified with 60+/- Acres currently in Crop Production and 100+/- Acres in Improved Pasture. Additionally, 2 ponds, creek, great hunting, and desirable build sites. The Farm also has a 3+/- Acre CRP Tree contract on the South end next to creek. Current owner recently harvested soybeans at 50 bushel an acre field average and has seen the farm produce up to 206+/- Bushel an Acre on corn and 65+/- Bushel an Acre on Soybeans. Current owners fertilize every year and maintain this farm very well! Owner runs about 22 pair of cattle on the farm and hays 35+/- Acres every year. The farm has county road frontage on two sides. It is hard to find a farm that checks all the boxes like this one, and they do not come up for sale often in this area! If you are interested in scheduling a private showing or have any questions please contact Trenton Scott with Missouri Land Company @ 660-351-3201. Thank you!

Pulaski Co-178 Acres

\$623,000

The Redding Lane Gasconade River farm is one you won't want to miss. This property provides a very good mix of hay fields and pasture on the ridges, plenty of upland habitat for the small game such as rabbits and bobwhite quail, fertile river bottom soil for row crops, and mature hardwood timber in the valleys. Whitetail Deer and wild turkey habitat is excellent on this farm and could be further improved with selective positioning of food plots to compliment their acorn diet and browse. Wild turkey are plentiful and would also benefit from new food plots. This farm would be an ideal candidate for Quality Deer Management practices. There are many outstanding locations for a new home or weekend cabin. One of the best spots on the property is where the old home place is located. The view of the river bottoms is second to none. A drilled water well is in place and electricity is available. One thousand feet (approx..) of river frontage along the northern portion of the property will provide endless hours of fishing and relaxation. There you will find a boat launch at the lower end of the deep eddy for your jon boat, canoe, or kayak. Bring your camper as the owner has a spot cleared above the river for weekend camping trips. This property also provides river frontage along a portion of the southern boundary and there was mention of a cave in the bluff above the river. To schedule a showing call Danny L. Miller at 573-528-1489 or Mike Stoner at 573-774-9775

Hickory Co-157 Acres

\$628,000

Near Flemington- This parcel has county road frontage and power is at the front of the property. Lots of open ground for livestock and one could easily make more. Weaubleau creek is a beautiful live creek that runs through the middle of the farm. You can swim or fish in this creek. It has a gravel bottom not a mud bottom like a lot of creeks. There is also a spring branch that runs through the middle of the property that feeds into the main creek, it has a natural waterfall that is picture perfect. 2 ponds are also on the land for livestock needs. You want a hunting farm then you better look here, we jumped two nice bucks and one was pushing a 150 class type of a buck the other 140ish. Deer are all over it along with turkey. You would be hard pressed to view this property and not see wildlife. There is a 30+ acre bottom field that is used for hay production, but you could easily grow crops here with the dirt in this bottom field. Big mature timber that has not been cut in a lot of years. One of the nicest farms i have seen in awhile. For more information contact Mike Stoner at 573-774-9775 Cell.
