YOUR LAND AND FARM EXPERTS!

Hickory Co-40 Acres

\$159,500

Everyone is looking for a 40 acre secluded tract well this is it. This 40 acre tract lays only a mile off of Hwy 83 in Quincy, Mo. Good pasture that owner has had his herd on. Nice creek branch running through the farm for water. Just enough woods on the south part of the tract to make some good hunting. Owner said he jumped a really nice buck while brush hogging over the weekend. This area was once all woods, and seller dozed and made open land from it. There are several log piles around, but will burn up easily this winter. Good fences on the property. Electric with a meter on the front of the property. Hickory county land is hot and this wont last long. Call Mike Stoner 573-774-9775 Cell

Phelps Co-19.25 Acres

\$67,375

Located less than 10 minutes from Rolla is this vacant wooded parcel with some great views of a lake across the road. This land has county road frontage. Very quiet area less than a mile to Mark Twain National Forest and Little Piney Creek for kayaking and swimming. There are no restrictions and more acreage is available. This is tract 2 on the attached survey map. Tracts 3 and 7 have sold already. Call Jason at 270-350-6434 today.

Hickory Co-157 Acres

\$628,000

You will have to look far and wide to find a farm that has this kind of features! This 157 acres by Flemington, Mo has county road frontage and power is at the front of the property. Lots of open ground for livestock and one could easily make more. Weaubleau creek is a beautiful live creek that runs through the middle of the farm. You can swim or fish in this creek. It has a gravel bottom not a mud bottom like a lot of creeks. There is also a spring branch that runs through the middle of the property that feeds into the main creek, it has a natural waterfall that is picture perfect. 2 ponds are also on the land for livestock needs. You want a hunting farm then you better look here, we jumped two nice bucks and one was pushing a 150 class type of a buck the other 140ish. Deer are all over it along with turkey. You would be hard pressed to view this property and not see wildlife. There is a 30+ acre bottom field that is used for hay production, but you could easily grow crops here with the dirt in this bottom field. Big mature timber that has not been cut in a lot of years. One of the nicest farms I have seen in awhile. For more information contact Mike Stoner at 573-774-9775 Cell.
