YOUR LAND AND FARM EXPERTS!

Christian Co-5.42 Acres W/Home

\$350,000

What a great location on this little hobby farm close to Ozark, Mo. Home was built in the early 90's and is a 3-bedroom 2 bath with front and rear decks. It has a nice big open feel and is 1792 sq ft. It is on a crawlspace and has a beautiful yard. In the fall you can see across the valley and see Nixa in the distance. There is a nice 2 car garage with an end storage area that is great for storing everything from paper goods to stuff you can't fit in the house. Also, a nice shop with concrete floors for your tools, tractor and work tools. Owner also had a \$7000-dollar storm shelter installed for any chance of bad weather. One more little shed as well for garden tools. This place is only 5-7 minutes from Ozark and is in the Ozark school district. You even have some fenced in areas for horses or a few head of cattle to raise. **This won't last long call Mike Stoner at 573-774-9775 Cell.**

Dallas Co-18.63 Acres

\$69,500

Have you ever wanted to own a great hunting tract, recreation tract that is close to a floating river? If so, this place is for you! 18.63 acres of some of the best hunting around. Has some nice little open fields, and a creek down in the bottom that is a wet weather creek. Electric in place on the north side on Barclay Spring Rd and would be a great place for a RV spot or to build a cabin. There is access on the north and a private lane to get back to the south side on Box Hollow Rd. Access for hunting will be great. You could build off the grid on the south side, half of it is behind a locked gate that borders private property. And you can easily drive down or bike down to the Niangua River it is less than a mile from the property. Put your kayak's in or canoes for the day, this part of the river is so pretty. And if this isn't enough hunting land there are hundreds of acres just across the road of conservation ground for your hunting, exploring

adventures! Beautiful bottom fields and bluffs are on this conservation land. There are no houses on the north side between this land and the river, so this is like your private recreational playground. It has a Lebanon, Mo address but it's in Dallas County. This is the best floating section on the Niangua River. This will not last long, I promise that. And it's all been recently surveyed. **Call Mike Stoner agent-owner for more information at 573-774-9775.**

Stone Co-5.33 Acres W/Home

\$380,000

What a great place that has a lot of neat features! This is 5.33 acres that has 210 feet of James River frontage with your own personal boat ramp. Beautiful view from the home overlooking the river bottom and lush pasture in front of the home. The home was just started in the past year and is 1500 sq feet on the bottom level on a slab. The plan for the top was 750 sq feet for a total of 3 bedroom 2 baths. Come put your finishing touches on the inside. Owner has a lot of the inside material including cabinets, and appliances. Outside is all but done with only a deck or two to build, owner put oak on the outside and should last a long time. There is underground electric and a septic and well in place. This is end of the road seclusion here and just you and the wildlife to enjoy it. James River is a great floating river and a lot of springs feed it. You can have horses or cattle here as well. It is part of a HOA but dues only 200 a year that is for road maintenance and you also get to use other property that's part of the HOA. Only 20 minutes to Branson and it is in Ozark County. Very reasonable taxes here as well. Don't miss out on this unique place. **Call Mike Stoner at 573-774-9775 Cell.**
